**Regular Meeting**

April 14, 2026  
7:00 P.M.

Council Room  
Community Center

1. Call to Order
2. Roll Call
3. Approval of the Agenda
4. Public Forum
5. Consent Agenda
  - a) Minutes Regular and Planning Session Meetings
  - b) Claims and March Checks
  - c) Investment Report
  - d) Cash Balances
  - e) Budget YTD – Rev/Exp
  - f) Conservation Club-Consider approval of Liquor License and Noise permit for July 3-5.
  - g) Conservation Club Gambling Permit
6. New Business
  - a) Local Board of Appeal and Equalization
  - b) State of MN DOT – Limited Use Permit and Res. 26-03
  - c) Res. 26-04 – Fillmore County Hazard Mitigation Plan
  - d) 4<sup>th</sup> of July Fireworks Purchase – Daniel Dornink
  - e) Park Board Summer Help Recommendation
  - f) Res. 26-05 – Resolution of Application to the MPFA
  - g) Res. 26-06 – Governing Write-In Vote Counting
7. Reports
  - a) Building & Maintenance Report
    - i. WWTP Report
  - b) EDA Board
  - c) Harmony Chamber
  - d) Park Board
    - i. Park Board
  - e) Library Board
  - f) Arts Board
  - g) Fire Department
  - h) Sheriff Report
8. Adjourn

A Regular Meeting of the Harmony City Council was called to order by Mayor Steve Donney at 7:00pm. Present were Mayor Donney, Councilmembers Jesse Grabau, Kyle Scheevel, Keith McIntosh, and Tara Morem. Also present were Administrator Alissa Stelpflug, Deputy Clerk Lisa Morken, Hannah Wingert (Fillmore County Journal), Aaron Bishop, and Erica Thilges.

AGENDA APPROVAL: Councilmember Grabau motioned to approve the agenda. Councilmember Scheevel seconded the motion. A vote was held. All in favor. Motion carried.

PUBLIC FORUM: None

CONSENT AGENDA: The consent agenda consisted of minutes, claims, and February checks, Investment Report, Cash Balances, Budget YTD, Hurley Facility Agreement, Pay Equity Reporting, Parcel 140067010 annexation approval, and Auditor name change. Councilmember Grabau motioned to approve the Consent Agenda. Councilmember Morem seconded the motion. A vote was held. All in favor. Motion carried.

WWTP UV PROJECT PAY REQUEST #5: This Stantec pay application represents Olympic and their subcontractors doing concrete work (stoops) for the UV building, electrical, HVAC, metal handrail, windows (translucent wall panels) and doors in the UV building, earthwork and site piping and modifying an existing manhole and installing a new manhole, installing the new UV disinfection and effluent magnetic flow meter equipment, and ongoing general requirements, testing and supervision. Councilmember Scheevel motioned to approve pay request #5. Councilmember Grabau seconded the motion. A vote was held. All in favor. Motion carried.

CITY WIDE CLEAN-UP DAY: Last year's Citywide Clean-up Day was a success. Richard's Sanitation reported that the event went very smoothly. We would like to schedule another Clean-Up Day in June 2026. The only Saturday that Richard's is available is June 27<sup>th</sup>. Disposal Fees will remain the same as last year. Mayor Donney motioned to approve City Wide Clean-up day on June 27, 2026. Councilmember Grabau seconded the motion. A vote was held. All in favor. Motion carried.

ROLLING HILLS TRANSIT MAILING: Bill Spritzer of Rolling Hills Transit said that they have obtained a quote for the printing of 1,000 postcards, along with the associated cost to distribute them through the United States Postal Service. Postcard printing cost is \$184. USPS Every Door Direct Mail cost is \$186. Rolling Hills will cover the cost of both the postcard printing and the mailing. But Rolling Hills is requesting assistance from the City with the EDDM process. Mayor Donney motioned to approve Administrator Stelpflug's assistance with the EDDM.

## **REPORTS**

BUILDING & MAINTENANCE: No updates.

WWTP: Report is included in the packet.

EDA BOARD: Minutes are included in the packet.

CHAMBER: Report is included in the packet.

PARK BOARD: Splash Pad will need to be repaired due to a heater breakdown.

LIBRARY BOARD: Working on updating policies.

ARTS BOARD: Will meet March 12<sup>th</sup>.

FIRE DEPARTMENT: Fireworks will be ordered this month. Cost will be approximately \$10,000. About the same as last year. We are still waiting for the new truck.

P&Z: Next meeting is March 18<sup>th</sup>.

SHERIFF'S REPORT: Report is included in the packet.

Upon no further business, Mayor Donney adjourned the meeting.

# City of Harmony

## Joint Planning Session: Data Center Ordinance

**March 18, 2026**

Present: Jesse Grabau, Tara Morem, Kyle Scheevel, Kelsey Bergey, Stuart Morem, Greg Schieber, Erik Olson, Jim Strozyk, and Rod Johnson

Absent: Mayor Donney, Keith McIntosh, Miles Petree

Other City Employees Present: Chris Hahn (CEDA),

Community Attendees: Trent Akie, Jackie Johnson, Kris Torgerson, Travis Willford, Archie Jorgenson, Roxanne Johnson, Eugene R. Bergstrom, A. Renee Bergstrom, Aaron Bishop, Amy Bishop, Hannah Wingert, Bonita Underbakke, Harvey Benson, Ann Lyons, Diana Lawrence, Dough Lawrence, Eva Barr and Walker Ward.

### Harmony Community Center

The joint planning session of the Harmony City Council, Economic Development Authority, and Planning and Zoning Commission was called to order at 6:00 p.m. by Jesse G. at the Harmony Community Center. The purpose of the meeting was to continue the collaborative drafting of a data center ordinance, with a focus on finalizing remaining ordinance components before moving into the next phase of discussions.

Contracted facilitator, Katrina Hurley, opened the meeting by providing an overview of the process to date. She reiterated that the City has intentionally taken a transparent and deliberate approach to ordinance development, holding joint planning sessions with all boards present and inviting public participation throughout. She noted that no formal decisions would be made during these sessions and that all recommendations would ultimately move through the formal Planning and Zoning and City Council processes, including a public hearing.

Hurley also clarified that, at this time, there is no active developer under consideration. While MiEnergy and Dairyland Power have indicated high levels of interest in the area and the potential annexation of approximately 60 acres for future development, no agreements have been signed. This has allowed the City the opportunity to proactively develop an ordinance that reflects community priorities rather than reacting to a specific proposal.

### Zoning Structure:

The group began discussion with zoning structure. The primary question considered was whether to allow data centers within existing industrial zoning, to create a new industrial technology zoning classification, or to combine a new zoning district with a conditional use permit requirement. After discussion, there was general agreement to move forward with creating an Industrial Technology Zone paired with a conditional use permit. This approach was viewed as providing additional control and flexibility while avoiding limitations tied to traditional industrial zoning. The conditional use permit would allow project-specific review and provide the

City with the ability to impose safeguards and require additional scrutiny based on the scale of the project.

#### Conditional Use Permit:

The group then discussed thresholds for requiring a conditional use permit based on energy usage. It was agreed that all data centers, regardless of size, should require a conditional use permit, ensuring consistent oversight and review for any project meeting the ordinance definition of a data center.

#### Water Use:

Water use was revisited, and the group reaffirmed its previous direction to prohibit all water-based cooling systems, including closed-loop systems. Discussion then focused on whether to require ongoing water usage reporting for domestic uses such as restrooms and facility cleaning. The group supported requiring periodic reporting to ensure compliance and to provide a mechanism for identifying potential misuse or expansion beyond stated operations. However, the specific threshold for triggering additional review based on water usage was not finalized and will require further data from existing local usage to determine an appropriate benchmark.

#### Groundwater Protection:

Groundwater protection was discussed next. While water cooling is prohibited, the group acknowledged that risks to groundwater still exist due to potential fuel storage, generator operation, and other chemical uses. Rather than requiring a fixed groundwater monitoring system in all cases, the group expressed support for requiring a spill response plan and containment measures consistent with state standards, while also allowing flexibility to require additional monitoring or safeguards through the conditional use permit if project-specific risks warrant it.

#### Noise Standards:

The group then returned to noise standards, continuing a discussion from the previous meeting. After reviewing typical state standards and considering the continuous nature of data center operations, there was general agreement to establish a maximum noise level of 60 decibels at the property line. This standard would apply to both normal operations and generator use, with the expectation that developers would incorporate necessary mitigation measures such as buffering or sound barriers to meet the requirement.

#### Setbacks and Buffering:

Setbacks and buffering were discussed in relation to both noise and visual impact. The group supported establishing a minimum setback requirement while allowing flexibility for Planning and Zoning to require greater setbacks based on project size and design. A minimum setback of 300 feet from property lines was supported, along with a 500-foot setback from residential

areas. The ability to increase setbacks on a case-by-case basis was viewed as important to maintaining flexibility and protecting nearby properties.

#### Operational Reporting:

Discussion then moved to operational reporting, particularly related to energy use. Although the data center would purchase electricity directly from MiEnergy rather than through the City, the group supported requiring reporting of key operational metrics, including peak demand, generator runtime, and overall energy use. This was viewed as important for transparency and to ensure that operations remain consistent with what was approved.

#### Generator Use:

Generator use was discussed in more detail, specifically whether to impose local limits on testing hours. The group agreed to defer to existing state standards rather than establishing separate local limits, recognizing that generators are typically tested infrequently and that additional local regulation may not be necessary.

#### Utility Impact Study:

The group reviewed the concept of a utility impact study, which would evaluate grid capacity, infrastructure needs, and system reliability. There was general support for requiring such a study to better understand the impacts of a large energy user and to ensure that any necessary infrastructure improvements are identified and appropriately assigned to the developer.

#### MegaWatt Capacity:

A discussion followed regarding whether to establish a cap on total megawatt usage per project. While no final determination was made, there was general interest in aligning with state-related thresholds and avoiding hyperscale developments. A preliminary direction of approximately 40 megawatts per project, with additional review required above that level, was discussed as a potential starting point. The group agreed that additional input from MiEnergy and Dairyland Power would be helpful before finalizing this section. They will be invited to the following meeting.

#### Substation:

Substation placement and design were also discussed. The group generally agreed that substations should be subject to the same setback and buffering requirements as the primary facility and should comply with lighting standards designed to minimize impact on surrounding areas. The group supported incorporating dark sky lighting standards into the ordinance.

#### Environmental Reviews:

Environmental review requirements were then considered. The group discussed the differences between an Environmental Assessment Worksheet (EAW), an Alternative Urban Areawide

Review (AUAR), and an Environmental Impact Statement (EIS). After discussion, there was general agreement to require an Environmental Impact Statement for any data center project, as this provides the most comprehensive level of review.

#### Compliance and Enforcement:

Compliance and enforcement mechanisms were briefly reviewed. The group acknowledged that reporting requirements for water use and noise, combined with monitoring tools and permit conditions, would provide a foundation for ongoing oversight. Additional complaint response procedures will be addressed in future discussions.

#### Decommissioning:

The group then engaged in an extended discussion regarding decommissioning. This included consideration of financial assurance mechanisms such as escrow accounts, surety bonds, and letters of credit. Concerns were raised regarding enforcement, ownership of the property, and the City's ability to act if a developer abandons the site. Potential tools discussed included requiring upfront financial assurance, establishing rights for the City to access the property in the event of abandonment, and exploring nuisance ordinance provisions. While no final decision was made, there was general agreement that a financial assurance mechanism will be required and that further legal review will be necessary to determine the most effective approach.

#### Abandonment/Dormancy:

Related to this, the group discussed dormancy and abandonment timelines. While options such as 12, 18, or 24 months were considered, it was noted that enforcement may be complicated by tax status and property ownership. This section will require further refinement.

As the meeting concluded, Hurley summarized that the group had worked through the remaining major components of the ordinance. She outlined next steps, which include refining the draft ordinance, incorporating legal review, and preparing for the next phase of discussions focused on the conditional use permit, community benefits agreement, and related implementation tools. Future meetings will include breakout sessions to allow for more detailed input from participants and the public.

The meeting adjourned at 8:00 p.m. by Jesse G.

# City of Harmony

## Joint Planning Session: Data Center Ordinance

**April 1st, 2026**

Present: Mayor Steve Donney, Jesse Grabau, Tara Morem, Kelsey Bergey, Stuart Morem, Greg Schieber, Jim Strozyk, Miles Petree, Rod Johnson, Keith McIntosh

Absent: Kyle Scheevel, Erik Olson

Other City Employees Present: Alissa Stelpflug (City Administrator), Chris Hahn (CEDA), Katrina Hurley (Contracted Facilitator)

Community Attendees: MaryBeth Ostrom, Charlene Selbee (FC Journal), Richard Kiehne, Roxanne Johnson, Amy Bishop, Aaron Bishop, Erica Thilges, Benya Kraus, and Walker Ward

### Harmony Community Center

The joint planning session of the Harmony City Council, Economic Development Authority, and Planning and Zoning Commission was held on April 1st, 2026, at the Harmony Community Center. The intent of the meeting was to continue the collaborative development of the Harmony Data Center Ordinance by focusing specifically on the Community Benefit Agreement portion of the process and gathering structured community input regarding expectations, protections, accountability, communication, and long-term community benefit. This focus aligned with the draft ordinance framework, which identifies a Community Benefit Agreement as a required component of future data center development approvals.

Contracted facilitator Katrina Hurley opened the meeting by explaining that the session would differ from prior ordinance drafting meetings. Rather than reviewing ordinance language line by line, the April 1st meeting was designed as a facilitated roundtable process intended to create more direct interaction between community members and representatives from the City Council, Planning and Zoning Commission, and EDA Board. Hurley explained that the purpose of the format was to allow community members to discuss concerns, priorities, and ideas directly with board representatives while also giving those representatives an opportunity to hear recurring themes, answer process-related questions, and gain a better understanding of how residents want future protections and benefits structured.

Hurley reviewed that the roundtable worksheets had been designed in advance to keep the discussion focused on community-centered topics rather than returning to items that had already been substantially discussed in previous ordinance sessions, such as water use standards, noise thresholds, or setback measurements. The worksheets instructed facilitators to encourage participation from everyone, ask open-ended questions, avoid debating or correcting responses, capture themes rather than individual arguments, and keep the conversations focused on community experience and expectations. Each team included a facilitator and a note

taker, and participants rotated from table to table so that each group could engage with all six topic areas. Community members were intentionally mixed with board members and other participants during the rotations so that no single table became isolated by role or perspective.

Hurley explained that the roundtable structure was intended to support transparency and community understanding by allowing participants to ask questions, share expectations, and hear how different boards are approaching the ordinance process. The session was framed not as a decision-making meeting, but as an input-gathering workshop to shape the eventual Community Benefit Agreement framework and related implementation tools. The six roundtable topics used during the meeting were Community Relationship and Trust; Community Benefits and Local Investment; Community Experience and Quality of Life; Communication and Transparency; Complaint Response and Accountability; and Long-Term Commitment and Community Protection. Each table had a distinct set of guided questions and prompts.

### **Roundtable Process:**

The meeting then moved into the facilitated breakout portion of the session. Participants rotated through six discussion tables over the course of the evening. At each table, one team member guided the discussion and another recorded responses, themes, and notable ideas. The goal was to create a format in which community members could speak directly with board representatives in a smaller, more conversational setting than a full-room discussion allows. This format also allowed questions to be repeated and tested across multiple groups, which helped reveal consistent themes and community priorities.

The discussion at each table was driven by a preset worksheet. The facilitator questions were intended to be broad and values based. They asked not only what residents wanted to protect, but also how a future company should behave in Harmony, how the community should be informed over time, what should happen when concerns arise, and what long-term commitments should be expected if any future development were ever approved.

### **Table 1: Community Relationship & Trust**

The first roundtable topic addressed Community Relationship and Trust. Participants were asked what would make a company feel like a good neighbor in Harmony, what being part of the community should look like, how a company should communicate with residents over time, what would build long-term trust between the community and a developer, and what would make residents feel uncomfortable or disconnected from a project. Prompting questions invited participants to consider what good local businesses already do well, how trust is built in a small community, whether a company should show up at local events, support local organizations, be visible in the community, and whether lack of communication or decisions made without input would undermine trust.

The discussion at this table by participants emphasized that a future company would need to be actively involved in the community rather than remain distant or transactional. Participants described a good neighbor as one that helps support local events, collaborates with other

organizations, communicates consistently, and follows through on commitments. Residents expressed that trust would come from honesty, transparency, and an ongoing local presence. Lack of communication and decisions made without community input were consistently identified as factors that would make a project feel disconnected from the town. The notes also reflected an expectation that a future operator should respect local institutions, show up visibly, and act in a way that reflects Harmony's small-town culture.

## **Table 2: Community Benefits & Local Investment**

The second table focused on Community Benefits and Local Investment. Participants were asked what the community should receive in return if a project like this came to Harmony, what types of investments would have the most meaningful local impact, whether there are specific needs in Harmony that should be prioritized, whether benefits should be short-term, long-term, or both, and what would make a benefit feel meaningful rather than symbolic. Prompts asked participants to consider financial contributions, local improvements, services or amenities, childcare, infrastructure, emergency services, and what people would actually notice or use in daily life.

Discussion at this table centered on the idea that benefits should be tangible, community-wide, and lasting. Participants identified local needs such as childcare, school support, community center improvements, emergency services, and local infrastructure. Ideas raised in the notes included financial contributions to the school district, support for the community center, potential EMS or ambulance-related support, and long-term grants or investment mechanisms that would be administered locally for community benefit. There was discussion of whether benefits should include upfront investment as well as ongoing annual support, with the idea that long-term value is more meaningful than one-time symbolic contributions. Participants emphasized that meaningful benefits are those that improve community life in a visible and practical way, particularly for youth, families, and the town as a whole.

## **Table 3: Community Experience & Quality of Life**

The third table addressed Community Experience and Quality of Life. Participants were asked what they value most about living in Harmony today, what should not change, what concerns they have about how a project could affect daily life, what would make a development feel like it fits in Harmony, and what would make it feel out of place or disruptive. Prompts directed participants to think about pace of life, community relationships, environment, traffic, feeling of the town, design, behavior, visual presence, and lack of integration.

This conversation reinforced that residents place a high value on Harmony's small-town charm, slower pace, safety, history, and environment. Participants described Harmony as peaceful and relationship-driven and emphasized that the town's support networks and rural character should be protected. Concerns about future development included noise, light, industrial scale, and the risk that a project could appear visually out of place or inconsistent with the existing community. Participants indicated that the smallest possible scale would be preferred and that any future development would need to be thoughtful, responsible, and sustainable in both behavior and

appearance. A project that is poorly integrated, visually intrusive, or out of character with local aesthetics would feel disruptive.

#### **Table 4: Communication & Transparency**

The fourth table focused on Communication and Transparency. Participants were asked how the community should be kept informed over time, what kind of information should be shared regularly, what the best methods of communication are for Harmony residents, how uncertainty or changes should be communicated, and what real transparency looks like. Prompts asked participants to consider website updates, meetings, reports, operations, issues, email, public meetings, early communication, and the difference between trust-building communication and communication that feels like public relations.

Participants strongly favored a communication approach that is open, regular, and accessible through multiple channels. Suggestions included website updates, public meetings, notices on social media, letters or inserts in utility bills, posters around town, email updates, and continued use of a specific city website page dedicated to the project. The discussion emphasized that major changes, ownership changes, operational issues, expansion plans, or changes in materials or cooling methods should be shared with the city and then communicated to the public. Participants described real transparency as honest and open communication with no hiding of important information. The notes also reflected strong concern that changes should come back through Planning and Zoning and the City before being implemented.

#### **Table 5: Complaint Response & Accountability**

The fifth table addressed Complaint Response and Accountability. Participants were asked what the complaint process should look like if a resident has a concern, how quickly concerns should be addressed, what would make a resident feel their concern was taken seriously, who should be responsible for responding, and what should happen if issues are repeated or ignored. Prompts encouraged participants to think about whether the process should be simple or formal, whether same-day or within-a-week responses would be appropriate, whether acknowledgment and follow-up matter, and whether escalation, penalties, or public reporting should occur when issues are not resolved.

Discussion at this table focused on the importance of having a formal, easy-to-access complaint process that flows through the City rather than leaving residents to navigate private channels on their own. Participants discussed the idea of a written complaint form available both online and at City Hall. There was support for prompt response expectations, including acknowledgment from the City within a week and rapid response from the developer or operator depending on severity. Participants emphasized that follow-up is essential and that complainants should be informed of the outcome, not simply told the issue was received. There was also discussion about assigning a liaison or dedicated point person to manage complaints and monitoring. If issues are repeated or not resolved, participants supported escalation mechanisms such as correction orders, public reporting, fines, or shutdown authority if problems are not promptly corrected.

## **Table 6: Long-Term Commitment & Community Protection**

The sixth table focused on Long-Term Commitment and Community Protection. Participants were asked what expectations the community should have over time, how a company should show long-term commitment, what concerns exist about the future, what would make residents feel protected long-term, and what the community should expect if plans change. Prompting language asked participants to consider consistency, maintenance, engagement, continued investment, ongoing presence, expansion, ownership changes, agreements, monitoring, financial safeguards, notification, approval, and input. The worksheet also asked each group to identify the one thing decision-makers should remember from the discussion.

This discussion emphasized the importance of making long-term obligations explicit and enforceable. Participants stressed that a company should follow through on its original agreements, continue to invest in the community, maintain the property well, and remain accountable even if ownership changes. Concerns included expansion, transfer of ownership, rising utility costs, contamination risks, and the possibility that a project could harm Harmony's reputation or future development patterns. Long-term protection was linked to ongoing monitoring, binding agreements, city review of proposed changes, and public hearing requirements if major changes are proposed. Participants indicated that if plans change, the City and community should be notified and there should be an opportunity for input before any adjustment to prior approvals. One summary sentiment recorded from the roundtable materials was that decision-makers should "respect your constituents."

### **Overall Themes:**

As the breakout discussions concluded, participants reconvened to share and compare themes that emerged across tables. Consistent themes included the importance of respect for the community, visible and ongoing communication, practical and lasting community investment, strong complaint response procedures, enforceable long-term commitments, and the expectation that any future company must act as a genuine community partner rather than simply a private operator. Across multiple tables, residents expressed that benefits should be meaningful and useful, communication should be proactive and honest, and future changes should not occur without renewed City review and public awareness. The roundtable process helped reinforce that the community is not only concerned with whether protections exist on paper, but also with how those protections would be carried out in practice over time.

Hurley closed the meeting by summarizing that the roundtable format had provided a productive opportunity for residents and board members to engage directly with one another and for the City to gather more detailed community-based guidance on what a future Community Benefit Agreement should require. She noted that the information collected would be compiled and used to support the next stage of ordinance-related discussions, including continued work on the Community Benefit Agreement framework and the Conditional Use Permit process. This next phase remains consistent with the broader ordinance structure previously discussed by the joint boards.

The meeting adjourned at 7:38 p.m.

## NOISE PERMIT APPLICATION

Date of Application 03/30/2026  
Applicant Name Nathan Cremer  
Address of Applicant 355 2nd Ave SE Harmony MN 55939  
Phone Number of Applicant 5072721651  
Date(s) of Permit Necessary 07/03/26-07/06/26

According to City Ordinance 92.18(F): “The using or operation or permitting the using or operation of any radio receiving set, musical instrument, phonograph, paging system, machine or other device for producing or reproduction of sound in a distinctly and loudly audible manner so as to disturb the peace, quiet and comfort of any person nearby, unless duly authorized by permit terms determined by City Council resolution as provided in this section. Operation without a permit of any device referred to above between the hours of 10:00 p.m. and 7:00 a.m. in a manner so as to be plainly audible at the property line of the structure or building in which it is located, or at a distance of 50 feet if the source is located outside a structure or building shall be prima facie evidence of violation of this section;”

In order for the City of Harmony to issue a permit, the council needs the following questions answered:  
(Attach additional sheet(s) as necessary)

1. Describe the volume, frequency, and type of sound to be generated.  
Late night band playing until midnight each evening 8-12  
Music
2. What day(s) of the week, time(s) of day(s) and duration of the sounds to be generated?  
each day between 7/3-7/6
3. Describe the character and nature of land uses underlying and adjacent to the event generating the noise.  
bars/restaurants/businesses/2-3 homes
4. Describe the proximity and compatibility of the event generating the noise to residential, religious or medical facilities, or the general public?  
50-100 yards
5. Describe the sufficiency of the arrangements made to provide adequate security, garbage disposal, crowd control and parking control.  
garbage and dumpsters onsite, portable bathrooms, fenced in tent structure, open parking lot and street.
6. Describe the imposition of conditions upon its issuance of any permit that are reasonably related to addressing concerns regarding any of these criteria.

Please return application to city office along with \$25.00 Noise Permit Fee payable to: City of Harmony

**STATE OF MINNESOTA  
DEPARTMENT OF TRANSPORTATION**

**LIMITED USE PERMIT**

C.S. 2316 (T.H. 139)  
County of Fillmore  
LUP # 2316-0046  
Permittee: City of Harmony  
Expiration Date: 04/01/2036

In accordance with Minnesota Statutes Section 161.434, the State of Minnesota, through its Commissioner of Transportation, (“MnDOT”), hereby grants a Limited Use Permit (the “LUP”) to City of Harmony, (“Permittee”), to use the area within the right of way of Trunk Highway No. 139 as shown in yellow on Exhibit "A", (the “Area”) as constructed shown on Exhibit “B” attached hereto and incorporated herein by reference. This Limited Use Permit is executed by the Permittee pursuant to resolution, a certified copy of which is attached hereto as Exhibit C.

**Amenities and Beautification, Historical Signage**

The Permittee's use of the Area is limited to only the constructing, maintaining and operating a nonmotorized trail ("Facility") and the use thereof may be further limited by the Code of Federal Regulations, including, but not limited to 23 C.F.R. 217 also published as the Federal-Aid Policy Guide.

In addition, the following special provisions shall apply:

**SPECIAL PROVISIONS**

1. **TERM.** This LUP terminates at 11:59PM on 04/01/2036 (“Expiration Date”) subject to the right of cancellation by MnDOT, with or without cause, by giving the Permittee ninety (90) days written notice of such cancellation. This LUP will not be renewed except as provided below.

Provided this LUP has not expired or terminated, MnDOT may renew this LUP for a period of up to ten (10) years, provided Permittee delivers to MnDOT, not later than ninety (90) days prior to the Expiration Date, a written request to extend the term. Any extension of the LUP term will be under the same terms and conditions in this LUP, provided:

- (a) At the time of renewal, MnDOT will review the Facility and Area to ensure the Facility and Area are compatible with the safe and efficient operation of the highway and the Facility and Area are in good condition and repair. If, in MnDOT’s sole determination,

modifications and repairs to the Facility and Area are needed, Permittee will perform such work as outlined in writing in an amendment of this LUP; and

- (b) Permittee will provide to MnDOT a certified copy of the resolution from the applicable governmental body authorizing the Permittee's use of the Facility and Area for the additional term.

If Permittee's written request to extend the term is not timely given, the LUP will expire on the Expiration Date.

Permittee hereby voluntarily releases and waives any and all claims and causes of action for damages, costs, expenses, losses, fees and compensation arising from or related to any cancellation or termination of this LUP by MnDOT. Permittee agrees that it will not make or assert any claims for damages, costs, expenses, losses, fees and compensation based upon the existence, cancellation or termination of the LUP. Permittee agrees not to sue or institute any legal action against MnDOT based upon any of the claims released in this paragraph.

- 2. **REMOVAL.** Upon the Expiration Date or earlier termination, at the Permittee's sole cost and expense Permittee will:

- (a) Remove the Facility and restore the Area to a condition satisfactory to the MnDOT District Engineer; and
- (b) Surrender possession of the Area to MnDOT.

If, without MnDOT's written consent, Permittee continues to occupy the Area after the Expiration Date or earlier termination, Permittee will remain subject to all conditions, provisions, and obligations of this LUP, and further, Permittee will pay all costs and expenses, including attorney's fees, in any action brought by MnDOT to remove the Facility and the Permittee from the Area.

- 3. **CONSTRUCTION.** The construction, maintenance, and supervision of the Facility shall be at no cost or expense to MnDOT.

Before construction of any kind, the plans for such construction shall be approved in writing by the MnDOT's District Engineer. Approval in writing from MnDOT District Engineer shall be required for any changes from the approved plan.

The Permittee will construct the Facility at the location shown in the attached Exhibit "A", and in accordance with MnDOT-approved plans and specifications. Further, Permittee will construct the Facility using construction procedures compatible with the safe and efficient operation of the highway.

Upon completion of the construction of the Facility, the Permittee shall restore all disturbed slopes and ditches in such manner that drainage, erosion control and aesthetics are perpetuated.

The Permittee shall preserve and protect all utilities located on the lands covered by this LUP at no expense to MnDOT and it shall be the responsibility of the Permittee to call the Gopher State One Call System at 1-800-252-1166 at least 48 hours prior to performing any excavation.

Any crossings of the Facility over the trunk highway shall be perpendicular to the centerline of the highway and shall provide and ensure reasonable and adequate stopping sight distance.

4. MAINTENANCE. Any and all maintenance of the Facility shall be provided by the Permittee at its sole cost and expense, including, but not limited to, plowing and removal of snow and installation and removal of regulatory signs. No signs shall be placed on any MnDOT or other governmental agency sign post within the Area. MnDOT will not mark obstacles for users on trunk highway right of way.
5. USE. Other than as identified and approved by MnDOT, no permanent structures or no advertising devices in any manner, form or size shall be allowed on the Area. No commercial activities shall be allowed to operate upon the Area.

Any use permitted by this LUP shall remain subordinate to the right of MnDOT to use the property for highway and transportation purposes. This LUP does not grant any interest whatsoever in land, nor does it establish a permanent park, recreation area or wildlife or waterfowl refuge. No rights to relocation benefits are established by this LUP.

This LUP is non-exclusive and is granted subject to the rights of others, including, but not limited to public utilities which may occupy the Area.

6. APPLICABLE LAWS. This LUP does not release the Permittee from any liability or obligation imposed by federal law, Minnesota Statutes, local ordinances, or other agency regulations relating thereto and any necessary permits relating thereto shall be applied for and obtained by the Permittee.

Permittee at its sole cost and expense, agrees to comply with, and provide and maintain the Area, Facilities in compliance with all applicable laws, rules, ordinances and regulations issued by any federal, state or local political subdivision having jurisdiction and authority in connection with said Area including the Americans with Disabilities Act ("ADA"). If the Area and Facilities are not in compliance with the ADA or other applicable laws MnDOT may enter the Area and perform such obligation without liability to Permittee for any loss or damage to Permittee thereby incurred, and Permittee shall reimburse MnDOT for the cost thereof, plus 10% of such cost for overhead and supervision within 30 days of receipt of MnDOT's invoice.

7. CIVIL RIGHTS. The Permittee for itself, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that in the event improvements are constructed, maintained, or otherwise operated on the Property described in this Limited Use Permit for a purpose for which a MnDOT activity, facility, or program is extended or for another

purpose involving the provision of similar services or benefits, the Permittee will maintain and operate such improvements and services in compliance with all requirements imposed by the Acts and Regulations relative to nondiscrimination in federally-assisted programs of the United States Department of Transportation, Federal Highway Administration, (as may be amended) such that no person on the grounds of race, color, national origin, sex, age, disability, income-level, or limited English proficiency will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said improvements.

8. SAFETY. MnDOT shall retain the right to limit and/or restrict any activity, including the parking of vehicles and assemblage of Facility users, on the highway right of way over which this LUP is granted, so as to maintain the safety of both the motoring public and Facility users.
9. ASSIGNMENT. No assignment of this LUP is allowed.
10. IN WRITING. Except for those which are set forth in this LUP, no representations, warranties, or agreements have been made by MnDOT or Permittee to one another with respect to this LUP.
11. ENVIRONMENTAL. The Permittee shall not dispose of any materials regulated by any governmental or regulatory agency onto the ground, or into any body of water, or into any container on the State's right of way. In the event of spillage of regulated materials, the Permittee shall notify in writing MnDOT's District Engineer and shall provide for cleanup of the spilled material and of materials contaminated by the spillage in accordance with all applicable federal, state and local laws and regulations, at the sole expense of the Permittee.
12. MECHANIC'S LIENS. The Permittee (for itself, its contractors, subcontractors, its materialmen, and all other persons acting for, through or under it or any of them), covenants that no laborers', mechanics', or materialmens' liens or other liens or claims of any kind whatsoever shall be filed or maintained by it or by any subcontractor, materialmen or other person or persons acting for, through or under it or any of them against the work and/or against said lands, for or on account of any work done or materials furnished by it or any of them under any agreement or any amendment or supplement thereto.
13. NOTICES. All notices which may be given, by either party to the other, will be deemed to have been fully given when served personally on MnDOT or Permittee or when made in writing addressed as follows: to Permittee at:

Mayor  
Harmony City Hall  
225 3rd Ave SW  
P.O. Box 488  
Harmony, MN 55939-0488

and to MnDOT at:

State of Minnesota  
Department of Transportation  
District 6 Right of Way  
2900 48th Street NW  
Rochester, MN 55901-5848

The address to which notices are mailed may be changed by written notice given by either party to the other.

14. **INDEMNIFICATION AND RELEASE.** Permittee shall indemnify, defend to the extent authorized by the Minnesota Attorney General's Office, hold harmless and release the State of Minnesota, its Commissioner of Transportation, employees, the FHWA, and any successors and assigns of the foregoing, from and against all claims, demands, and causes of action for injury to or death of persons or loss of or damage to property (including Permittee's property) occurring on the Area and Facility or arising out of or associated with Permittee's use and occupancy of the Area and Facility, regardless of whether such injury, death, loss, or damage (i) is caused in part by the negligence (but not the gross negligence or willful misconduct) of MnDOT or (ii) is deemed to be the responsibility of MnDOT because of its failure to supervise, inspect, or control the operations of Permittee or otherwise discover or prevent actions or operations of Permittee giving rise to liability to any person. Nothing in this LUP shall obligate Permittee to indemnify or save MnDOT harmless from (a) any gross negligence or willful misconduct of MnDOT or its employees, contractors, agents, or anyone for whom MnDOT is legally responsible, or (b) any claims, demands or causes of action not arising out of or associated with Permittee's occupancy or use of the Area and Facility.

Permittee hereby releases the State of Minnesota, its Commissioner of Transportation, employees, the FHWA, and any successors and assigns of the foregoing, from and against all claims, demands, suits, losses, costs, expenses, and causes of action for loss of or damages to the Area and Facility or to Permittee's property on or about the Area and Facility, except when such loss or damage is caused solely by the negligence of MnDOT or its employees, contractors, agents, or anyone for whom MnDOT is legally responsible.

MnDOT's liability is subject to the Minnesota Tort Claims Act, Minn. Stat. §3.736 and other applicable law.

# LET'S HAVE "HARMONY" THE BIGGEST LITTLE TOWN IN SOUTHERN MINNESOTA

### JULY 4th CELEBRATION

The celebration for the 4th of July was held at the Harmon Hardware Store, which later became the Boulevard & McGee Hardware. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

A 1918 advertisement for Farm Machinery from the Harmon Hardware Store, listing various agricultural equipment like tractors, mowers, and plows.

The next building north in the Braden building, the first building built in Harmony, was used for a time as a garage, meat market, and later as a barber shop. The A. Harwood and Son Harmon Shop, was used for a time as a garage, meat market, and later as a barber shop.

### BARBER SHOP - NEW EQUIPMENT

The barber shop in the barber shop was used for a time as a barber shop. The barber shop was used for a time as a barber shop.

The sign for Risel and McGee Hardware, listing various items like tractors, mowers, and plows.

### HORSES IN THE SNOW

The horses are clearing the snow in front of the Appleton Hardware Store, which later became the Boulevard & McGee Hardware. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

### HARMONY'S RESTAURANTS

Harmony had five great restaurants on Main Street in the 1920s. The Travel Inn, The Silver Grill, Franks, Harmony, and the Red House. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

### "KEEP TO THE RIGHT"

A sign in the photo, the post played in the center of Main Street street. "Keep to the Right" - A sign replaced horses. It became necessary to have the cars find it to one time going north and one time going south.

### JEM THEATRE

There has been a movie theater in Harmony since the early days of the silent movie. The first movie theater was built in Harmony in 1914. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

In 1914, J. M. Bushnell decided to construct a new, modern fireproof, electric and plumbing building. The movie theater was built in Harmony in 1914. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

After the large developments in 1914, J. M. Bushnell had to move the theater shop and he found it necessary to purchase the building across the street and two half of the building in the theater shop. A fire destroyed that building in the spring of 1914. The next building to the north was Business Cade, Hally & McCarty, General Hardware, and then the Braden building, the 2nd original business building in Harmony.

Businessmen in the new building for two years, but lacked off during World War I. The young men left for the service. As business continued to drop due to the war, the building was sold to the Harmon Hardware Store. In 1914, the Harmon Hardware Store was used for a time as a barber shop. The barber shop was used for a time as a barber shop.

After 5 years the bowling alley closed and the Harmon Hardware Store was used for a time as a barber shop. The barber shop was used for a time as a barber shop.

Upon returning from California, Billy and Hazel Johnson moved to Harmony in 1914. The Harmon Hardware Store was used for a time as a barber shop. The barber shop was used for a time as a barber shop.

The Harmon Hardware Store was used for a time as a barber shop. The barber shop was used for a time as a barber shop.

## CORNER STORE, BARBER SHOP, CLOVER FARM STORE WIPED OUT BY EARLY MORNING BLAZE

Four fire companies fight flames for more than two hours. Volunteers helped lameness—sparks blown for blocks by north wind.

A devastating fire, the biggest in the history of the village, broke out early Friday morning, destroyed two business buildings, damaged eight others, and seriously threatened Harmony's whole business district before it was finally subdued by the valiant efforts of four fire companies (J. Jacobson, O'Connell, Peterson and Harmony) and dozens of volunteers who fought heroically for more than two hours to bring the flames under control.

Three business establishments: the Corner Store, owned and operated by Oswald J. M. Rosenfeld's Barber Shop located in the Corner Store; and Dalley's, Clover Farm Store and Restaurant were annihilated by the flames. The estimated loss was placed at around \$70,000.

The fire was observed about 4:30 a.m. in the Corner Store building, a frame structure owned by Mrs. Thundale. Six streams of water were directed on the structure in order to squelch the flames and prevent them from spreading to other buildings. The stream topped the building and fell back into a mass of flames, and the fire soon began spreading to other buildings.

The north wind helped the flames to spread rapidly to the east. The fire was out of control by 5:30 a.m. and the fire companies determined that they had to demolish the buildings around the fire.

Carl Johnson got up to see what was making the sound of crashing glass, and observed a vomiting which was heard for a few blocks, and attracted the attention of Harmon, Richardson, who was working in the bakery, and he turned in the fire alarm. A number of people heard Johnson shouting and became volunteers to fight the fire. Sparks and balls of fire were carried by the wind and were falling on the rooftops and in yards. The fire was out of control by 5:30 a.m. and the fire companies were a wonderful help in preventing any additional damage as everything was damped. The fire was out of control by 5:30 a.m. and the fire companies were a wonderful help in preventing any additional damage as everything was damped. The fire was out of control by 5:30 a.m. and the fire companies were a wonderful help in preventing any additional damage as everything was damped.

The water tower, erected last year (1941), again proved its value. The four fire companies had plenty of water and used better than 65,000 gallons. (Article printed in the Harmony News 10/29/53)

 Harmony Area Club

In 1887 it was thought that the driving village needed a place for recreation, so the Frank Butler Steaming Bank was built. The building was later used as a town hall for a time. In 1896 the Berg Bros. had an appliance store and later displayed and sold sewing machines, organs, and bicycles. O.N. Thundale purchased the building for a home, and the building was used as a home for the Berg Bros. and the site is now the location of the Harmony State Bank.

O. N. THUNDALE CO. BANKERS, MINNEAPOLIS. The bank was later incorporated with the Harmony State Bank.

34 CLERGYMEN AT A 1901 SALE. The Rev. J. M. Rosenfeld, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th. (Courtesy of Harmony News)

March 11, 1895, K. D. Olson bought out Ben Larson's Drug Store. He then rented the small building, next to Peter Meckley's 1885 Shop, which he used for his drug store. J. L. Urman arrived in 1888 and started a drug store. He was in the store and only brought for many years. The Harmony has had a drug store since 1888. (Courtesy of Mrs. Ida Johnson)

RISLAND AND MCGEE. Remond Risland and William McGee worked as carpenters for years and were partners in a hardware business. Risland purchased the hardware store and took in his son, Lawrence. McGee and his wife, Mrs. McGee, managed a grocery business in the building, which the partners had built. The business was later run by Jerry Risland's Market.

During the fire the Silver Collie lost its identity, but easily returned to serve coffee, after the lights came back on. Later, N.A. Perry had his tailor business in the former Silver Collie building.

 TUESDAY, the 7th of October  
 TRAVEL INN CAFE  
 at Harmony, Minnesota

The Travel Inn around 1918 was owned by Al and Roger Johnson. It was previously belonged to Scribner and was run by Mrs. J. M. Dales. After enjoying their room much, Louise Dales, who ran the store only a few months because the big fire destroyed the building.

Bert Ylino came to Harmony in 1920, purchasing the restaurant which he previously belonged to Scribner and was run by Mrs. J. M. Dales. After enjoying their room much, Louise Dales, who ran the store only a few months because the big fire destroyed the building.

MILLINERY. In 1895 a millinery store named "Up to Date Millinery" was built just north of the Steaming Bank. It was the property of Mrs. Selma (1888) who was the first to be in Harmony. On the left side of the door is Hannah Harmon, owner of the millinery, and Mabel Bodman. Picture taken summer 1900. Dr. Curtis Solvig had his dental office upstairs.

# LET'S HAVE "HARMONY" THE BIGGEST LITTLE TOWN IN SOUTHERN MINNESOTA

## BEGINNING OF TELEPHONE COMPANY

N. D. Olson started a telephone company in 1866, and licensed the equipment and lines in town. It was one year before that every local citizen bought the Harmon Telephone Exchange Co. of which N. D. Olson was then president, and called it the Harmony Telephone Company. The first line of Harmony was the line that runs from town to town.

On January 1, 1893 the company was sold to Wally Hyde, and within two years about 200 modern phones, which did not need to be connected, were installed. In 1893 the company wanted to program to dial, but financial arrangements and agreements with the farmers to change from their property owned except to full full to be made. In October 1910 the operation became a utility. Until 1916 the original old wire was all that was used to serve the area. In 1927, however, the wire was replaced with modern wire. Again in 1927 there were new enough lines, and another expansion with about 5,000 writing additions needed to be added at a cost of \$10,000.

## NUMBER PLEASE

The Harmony telephone office was located in the building that now has been used by the Valheim Drug Store.

Planned are Mrs. Stella Mingle, standing at the left, Mrs. Lena Watkins, center, known as Harmony's first telephone operator, and Mrs. Hilma (Hilbert) Mingle, right. The office was equipped with modern phones and assigned after some 20 or 25 years of old-fashioned service. It is believed that Stella began as an operator in 1897, or thereabouts, and was still on duty some 40 years later. (Courtesy of Harmony News)

## THE LAST NIGHT BEFORE DIAL

Planned is Mrs. Mabel Thomas at the telephone switchboard. The photo was taken that night in October of 1924 when the changeover was being made from the old type of telephone service to the modern dial system, and her last evening as night operator after 25 years of service, from 1904 to October 1924.

The customer did not need to reach the old phone on the wall to get service. People hardly ever gave the operator the number they wished to call, only the name of the person and occasionally, if the operator happened to know the party being called, the party being called. The operator would be notified. In many instances, the telephone operator had to be necessary to find businesses, doctors, etc. (Courtesy of Harmony News)

## HARMONY STATE BANK

The bank was originally started by T. J. Sanderson, Sr. as a private bank in 1893, and was called the Bank of Harmony. The Harmony State Bank was organized in 1904. Planned are T. J. Sanderson, Jr. and Horace Olson.

## TOLLEF SANDERSON, SR.

Tollef Sanderson was born on October 2, 1862, near Vindfield, Rusk County, Wisconsin. In 1893 he attended Hildet College for one year. In 1894 the family moved to Winnebago County, Iowa, to a farm on the Minnesota State line. He attended Luther College in Decorah, and later farmed south of Harmony. He married Anna Stella Jacobsen on February 15, 1897, at Crossfield Lutheran Church in south Harmony. They had 4 children, 3 daughters and 1 son. Tollef died of cancer of the stomach in 1930. In 1893 they moved to Harmony where he established the bank of Harmony, and they built a large Victorian home. In 1904 the bank was incorporated as the Harmony State Bank, of which he remained president until his death in 1937.

## HARMONY CASH STORE

H. E. Hansen was the proprietor of the Harmony Cash Store. He sold all lines of clothing, fur, lace and more, as well as children, and also cream made cheese. His store would readily be identified since the top had the distinctive peaked roof.

**VALHEIM'S PHARMACY**  
Solely for the purpose of providing...  
TRY THE BIGGEST STORE FIRST

## BERI YATES HARDWARE

Beri Yates built a hardware store in 1905. Lena movers can be seen in front of the store. The sign on the building just to the right is the building just to the right of the Valheim's Pharmacy building.

## TALLAK BROKEN BUILDING

The north side of the Tallak Broken building held the T. O. Stevick Furniture and Cabinet Store, the White Tin Shop from 1867 through 1904, followed by the Peoples State Bank Operative, Dr. Norman E. Anderson, and "Palace of Streets" Cafe from the Lasantan Harmon Drug Store 1946-1959.

## HARMONY POST OFFICE

The Harmony Post Office was established in 1867. It was the first post office in Harmony. The post office was built on the site of the Tallak Broken building, followed by other businesses. The post office was built on the site of the Tallak Broken building, followed by other businesses. The post office was built on the site of the Tallak Broken building, followed by other businesses.

# LET'S HAVE "HARMONY" THE BIGGEST LITTLE TOWN IN SOUTHERN MINNESOTA

**ORIGINAL JOHNSON STORE**  
Sam and Peter Nelson, Lanesboro merchants and Samuel B. Johnson (S.B.), a clerk in the store, started a general store in the summer of 1889. Ben Larson was a partner in the store of Nelson Bros.

In 1889, Hans S. Johnson, Sam Johnson's father, bought the stock from Nelson Bros. and from that date some member of the Johnson family has had a business there. He bought farmland from Edwin Ellis and built his store.

"There wasn't a chance in the Pillsbury that was more interesting." The party of the fire and part, agrees and promises not to build any barn or stable on the lot used for horses or cattle behind the store building now built on said lot (March 16, 1893).

In 1914, Sam Johnson bought the building over to his store—which was occupied by "F. F. Felling" as a grocery store—and sold it to Mrs. Caroline Johnson. She moved the building on a lot south of the 0-1000 filling station. An addition was made to the original building—a store room was needed so an excavation was done under the whole building. This basement dig was for a large stock, so open place still in the rear of the building which was from the Ellis's deep well and windmill on the property.

The house at the extreme left of the photo was the E.L. Ellis home. It was later owned by the T.O. Larson farm in 1924, and it still stands on 2nd Avenue S.W. (Jackson O. Sorenson built the house. There was a deep well at the rear of the Ellis property. Part of the windmill may be seen over the rear of the store.)

(Courtesy of Mrs. Ida Johnson)

**SORENSEN FURNITURE STORE.**  
The store was built in 1896 and built the furniture store which he operated until July 1910 when he died. It was owned by Mr. Sorenson and his wife. He was also an undertaker. Mr. Sorenson bought the stock of Oaf Seem who had carried small stock of furniture and cash since May 22, 1893. Presumably this stock had belonged to T. Green Johnson, Mr. Sorenson bought a traveling library in his furniture store and acted as librarian.

These were the items in the store which he operated until July 1910 when he died. It was owned by Mr. Sorenson and his wife. He was also an undertaker. Mr. Sorenson bought the stock of Oaf Seem who had carried small stock of furniture and cash since May 22, 1893. Presumably this stock had belonged to T. Green Johnson, Mr. Sorenson bought a traveling library in his furniture store and acted as librarian.

**JOHNSON'S FAIRWAY**  
Upon retirement of his mother, Mrs. Ida S. Johnson, Harold handled a complete line of groceries and meats and the store was known as Johnson's Fairway.

**MRS. IDA (SORENSEN) JOHNSON**  
Mrs. Ida (Sorenson) Johnson, wife of Samuel (S.B.) Johnson worked beside her husband in the grocery until his death in 1939. In those years, and following years until her death, she worked for the betterment of her community and the life of Harmony citizens.

One of her many works was the documentation of Harmony history—receiving dates, names, business owners, location by building, exchange of ownerships, weddings, deaths and other details in scrapbooks, diaries and in a variety of books. These works were donated to the Harmony Area Historical Society and will be a source documenting Harmony history to many generations to come. This very unique diary set behind a unique gift for the village of Harmony, Minnesota.

When in 1886 a log cabin near Fountain, Minnesota, she attended school in Spring Valley, moving with her family to Harmony, Minnesota. She was a member of the Harmony Baptist Church and was active in the church and community social activities. She was a union organizer and a strong supporter and established a museum to show her artifacts in her own building that was constructed to appear as an old log cabin. Ida also left a collection of poetry, some directed to friends, but all showing the wisdom gained since her log cabin beginning.

Perhaps two of her greatest joys were meeting the crown Prince of Norway and her work during World War II using her shore wave radio to monitor broadcasts from Germany to learn the status of prisoners and then notifying their loved ones at home. There are numerous letters in her files from grateful families.

Of course, many individuals shared in documenting the history of this community, but Ida Johnson's lifetime of work deserves special recognition in this and other displays in this project.

**LET US GIVE THANKS**  
Let us give thanks that thanksgiving day,  
For family, friends, and life itself,  
For the sun that shines, and the grass that grows,  
For the birds that sing, and the flowers that bloom,  
For the trees that shelter men and beast,  
Let us give thanks,  
Let us give thanks that we know by signs  
In this turbulent world that we know as life,  
How good to have another smile,  
The gentle laugh,  
Let us give thanks,  
Let us give thanks that our nation survives,  
A free one, holding a witness of trust,  
Who stands to this country, and brings a new world,  
Hand down, hand down, hand down,  
Let us give thanks,  
Did you say, "What have I to be thankful for?"  
Now how much more should we today,  
Give thanks to HIM who shows the way,  
That leads to Heavenly joy and peace,  
Let us give thanks.

# LET'S HAVE "HARMONY" THE BIGGEST LITTLE TOWN IN SOUTHERN MINNESOTA

### BEFORE OUR TIME

The original hotel was the Harmony House (later Plover Hotel), as it appeared in 1882 when it was owned by Charles A. Thompson. To the left is Mr. Thompson's Post, Store and Harness Shop, the Post Hall building before it was remodeled into a two-story structure by its owner in 1891. The original building which was recorded in 1875 by F. M. Trogsstad, is the same as it is today. The building was replaced by "The International Order of O.M. Fellows (I.O.O.F.)" in February of 1910. Notice the board sidewalk and the hitching post that existed so many years ago. The main setting of the hotel floor plan has been reconstructed at Charles Thompson.

(Courtesy of Harmony Area)

### TROGSSTAD BUILDING

Paul Trogsstad had his shop on the west side of Main Street. The store carried a full line of merchandise on the first floor and the second floor was used as living quarters. Trogsstad's shop will merge on the corner of Main and 1st Street NW.

### HARMONY CAFE

This one-story building served as a clear shop and later the Harmony Library and now runs in the early 1900s with Curtis Apple in charge. Oscar Hanson opened and recreated the Harmony Cafe during the 1930s and 40s.

### GRAIN ELEVATORS

The grain elevators the Mechanical Elevator was viewed from the West which was built in the fall of 1891. It is still standing on the site.

### DEPOT - 1879

This picture shows the early depot. You can see the windmill and the water tank in the background, and the Harmony Roller Mill on right of windmill.

### DEPOT

The first depot built in 1879, originally located west of town, on the Mountains, and was later moved to the present site. The first station upon was W. P. Taylor. The depot stands today on the same location.

### VIEW OF HARMONY

In 1901 Herbert David built the Harmony Roller Mill and made "The Rose" flour. The roller mill was used as a flour mill until it was purchased by the Whitehead Lumber Co. Jerry Stuber for the hotel and the mill which would become Highway 35.

### HARMONY ROLLER MILL

The roller mill was used as a flour mill until it was purchased by the Whitehead Lumber Co. Jerry Stuber for the hotel and the mill which would become Highway 35.

### BIGALK CHEVROLET CO.

Bob Bigalk began selling cars in the Crosson Service Station in 1928 as a young man of 24. He soon became owner of this successful business selling Buick and Oldsmobile in 1934.

### PULVER HOTEL

Pulver's Commercial House Hotel or housed in his prime. The south part of the main road and north side of the road. The hotel was built to pick out what they wanted in the "single room." They used one of Mr. Gilman's, could be hired to bring the trunks of samples to the hotel. The hotel had a livery barn for horses. The light fee because street light and there is a telephone pole in front of the hotel as well as along the street.

# LET'S HAVE "HARMONY" THE BIGGEST LITTLE TOWN IN SOUTHERN MINNESOTA

### WATER TOWER ON HISTORIC GROUND

As the site for a cement plant, the history of Harmony was bought to light when the Village Council was acquired by the P.W.A. to procure all necessary pipes and transfer to the plot of ground on which is situated the water tower and tank. This plot of land was originally included in the 160 acres (the northeast part of Harmony's) which was granted by the United States Government to the Village of Harmony, New York in the year of 1866. The tract was conveyed to the permanent, and was purchased in 1866, by Thomas Ryan. The document showing the transfer was signed by President James Buchanan. (Courtesy of Harmony News - January 1985)

### FLAX MILL

Harmony once had a flax mill, built by the William Dyer Co. The site was converted into rope, and the bales shipped to the International Harvester Co. in Chicago to be made into twine. The mill was a great sight to behold. There were about 100 cars of finished twine that had been piled in the warehouses with more intended every day. It was a great work for many hands. (Courtesy of Harmony News - 1994)

### OVERVIEW

The picture shows a great overview of the northeast part of Harmony. You can see the top of the Hospital building, Bank of Harmony, Gray and Dunaway Hardware, two buildings that were torn down and later the Stally Station was built there, the Methodist Church, Elmore, etc. with long building for coal, etc. the Methodist Church in the top right and their parsonage, houses, etc.

### YE OLDE BUTCHER SHOPPE

Nelson Nevell earned the name in 1862. He moved to the town of Harmony, Minn. and started a business as a butcher shop, as it appears in the photo. Standing by the cash register is Nelson Nevell, proprietor, and some Elbert, Oshley (E.D.) and Boyd (D.).

This was the first commercial ice machine, refrigeration and the first ice cream parlor in the town. The shop was in the building and quarters of beef and pork were hung. (Courtesy of Harmony News - For the Birds by Joyce Long)

6 S. WASH. ST. S.E.  
CITY MEAT MARKET  
Established 1862  
All kinds of fresh meats  
Cured meats and poultry  
Sausages, hams, etc.  
Delivered to your door  
Harmony, Minnesota

### BLUEBIRD CAFE/TAVERN

The Bluebird Cafe/Tavern was located on the north side of the Nevell building circa 1930s. You could not even find the Bluebird because the front of the building was painted blue.

### PALM RESTAURANT

The Palm Restaurant was located on north Main Street in 1905. The building was located at the corner of Main Street in 1905. A large variety of fruits, vegetables and candy were also available for purchase.

### PAT PATTERSON (SKELLY)

He would welcome his customers with a full service and a smile, and he did all this dressed in a white uniform every day. The station was taken down with the grain elevator expansion in 1984.

### JOHNSON BROS. LUMBER CO.

The Johnson Bros. (Samuel B. and John A.) opened a lumber yard and saw mill in 1864 to 1900. It was located south of the first Methodist Church, which can be seen in the background. Peter B. Bauer was located on the corner of John Street, and they also had a drive-in window. Sam operated the bakery for 23 years.

### STAN'S BAKERY

Before the Stan's Bakery, Peter "Pigeon" had a cafe and candy store here. The 1886 would be the candy for years. Stan's Bakery was located on the corner of John Street, and they also had a drive-in window. Stan operated the bakery for 23 years.

**Resolution #26-04**

**CITY OF HARMONY, MINNESOTA**

**RESOLUTION TO ADOPT THE 2025 FILLMORE COUNTY  
HAZARD MITIGATION PLAN**

WHEREAS, the City of Harmony recognizes the threat of natural hazards to people and property within the City of Harmony; and

WHEREAS, the City of Harmony has participated in the development of the 2025 Fillmore County Hazard Mitigation Plan in accordance with Federal laws, including the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended; the National Flood Insurance Act of 1968, as amended; and the National Dam Safety Program Act, as amended; and

WHEREAS, the 2025 Fillmore County Hazard Mitigation Plan identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property within the City of Harmony from the impacts of future hazards and disasters; and

WHEREAS, by adoption by the City of Harmony demonstrates its commitment to hazard mitigation and achieving the goals outlined in the 2025 Fillmore County Hazard Mitigation Plan,

WHEREAS, approval of the 2025 Fillmore County Hazard Mitigation Plan by the Federal Emergency Management Agency (FEMA) will make Fillmore County and participating jurisdictions eligible to apply for FEMA Hazard Mitigation Assistance grants; and

NOW THEREFORE BE IT RESOLVED that the City of Harmony supports the hazard mitigation planning effort and wishes to adopt the 2025 Fillmore County Hazard Mitigation Plan.

**CITY OF HARMONY, MINNESOTA**  
**A RESOLUTION GOVERNING WRITE-IN VOTE COUNTING.**

**WHEREAS**, Minnesota Statute § 204B.09, subd. 3 authorizes a city to adopt a resolution governing the counting of write-in votes;

**WHEREAS**, a city that adopts a resolution must do so before the first day of filing for office and must notify the county auditor;

**WHEREAS**, city election officials spend considerable time and resources to count and individually record write-in votes cast, many of which are frivolous; and

**WHEREAS**, in order to save city time and resources, it is in the best interest of the City Harmony, to enforce restrictions on the counting of write-in votes consistent with the provisions of Minnesota Statute § 204B.09, subd. 3.

**NOW THEREFORE**, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HARMONY, MINNESOTA THAT:

Votes for write-in candidates will only be individually recorded if the total number of write-in votes for an office is equal to or greater than the fewest number of non-write-in votes for a ballot candidate for that office.

**BE IT FURTHER RESOLVED**, that pursuant to Minnesota Statute § 204B.09, subd. 3, the city clerk is hereby directed to notify the county auditor before the first day of filing for office of the adoption of this resolution.

**BE IT FURTHER RESOLVED**, that pursuant to Minnesota Statute § 204B.09, subd. 3, this resolution shall remain in effect until a subsequent resolution on the same subject is adopted by the City of Harmony.

| <input checked="" type="checkbox"/> Stuart Morem (EDA)  |   |
| <input checked="" type="checkbox"/> Other: Allan Dahl, Erica Thilges, Amy Bishop, Aaron Bishop, Kyle Bouska |   |

**AGENDA:**

EDA Director Hahn requested that the Kyle Bouska Housing Rebate Application (New Business Item b.) be moved up to the first item as Kyle was in attendance with his infant child

Motion to approve Consent Agenda including the April 2 Agenda with Director Hahns request: March 4 Meeting Minutes was made by Greg Schieber, 2<sup>nd</sup> Keith McIntosh and was carried unanimously with no discussion

**New Business: Item b.**

Upon review of Kyle Bouskas Housing Rebate application, the board unanimously approved the rebate on a motion from Steve Donney, and 2<sup>nd</sup> from Greg Schieber, pending a projected valuation from Fillmore County, and noting that the rebate excludes the cost of the land, and is based upon final valuation of the home. Mr. Bouska asked when the funds typically are available, and was informed that once the homes exterior is completed the funds are typically disbursed. EDA Director Hahn will connect with Mr. Bouska to facilitate a projected valuation from Fillmore County.

**REPORTS:**

**Chamber of Commerce Report:**

A written report was submitted by the HACC welcoming Erin Dorbin as the new Chamber Director, who recently moved to Harmony with her daughter. At this time Erin Dorbin will not be able to attend the EDA meetings, during the school year, but hopes to begin attending later this year

The HACC Report also outlined the following initiatives: Easter Egg Hunt April 4th, 4<sup>th</sup> of July Planning, Ladies Night Bingo Harmony Golf Club, Harmony Guidebook and noted that the volunteer Open House on March 30 was a success, with volunteers ready to work at the Visitors Center this year.

Lastly, as part of written report, the Chamber formally requested the first of two annual, \$15,000 allotments from the Harmony EDA. The EDA Board voted to approved this payment on a Motion by Steve Donney, 2<sup>nd</sup> by Greg Schieber which was carried unanimously.

### **Financial Report and claims:**

The EDA RED Loan Summary was presented

### **Prospects & Community Update:**

Director Hahn informed the board that he received several calls from interested parties in the old furniture store building at 570 Main Ave. N., requesting information on the need for apartment in Harmony, MN.

Hahn indicated that he continues to receive inquiries into the Harmony Housing Rebate Program.

### **CEDA Work Update:**

#### **Business Updates and Meetings:**

Charming Farmer Boutique held it ribbon cutting on March 6<sup>th</sup>, adding a new women's clothing option to Downtown Harmony. This event was also celebrated on the CEDA Link-ed page.

Farm Charm has completed the storefront Window replacement using the Downtown Revitalization program.

Tinker Makes plans to start its store front renovations in the coming month

Met with Cody Burroughs to finalize his plans for leasing parcels in the Industrial Park (Parcel ID #'s 150621000, 150624000, 15057000) to use for grass hay for his cattle. (a draft lease is listed under new business)

### **EDA Loans and Programs:**

EDA Loan Modifications: Follow-up with Nicole Johnson Agency was recommended to make sure that her modification has been signed.

Fit Express has made its final payment closing out its RED loan.

**Data Center Ordinance –Planning Meeting: March 18th and April 1<sup>st</sup>**

All EDA Board members present attended the Joint Planning Session meetings, therefore, no update was provided.

**Fillmore County Rural Child Care Improvement Project (RCCIP):**

The Fillmore County RCCIP is progressing well. A Countywide Child Care Provider Appreciation event has been scheduled for May 7<sup>th</sup>. Flyers with registration information is are being sent out to all count providers. Surveys will also be sent to the following groups. Child Care Providers, (Home Based and Centers, Employers, and Parents. These surveys will inform the continued work of the RCCIP core team and results will be presented at a Child Care roundtable late this year on July 28<sup>th</sup> at a countywide Childcare Open House.

**Public Forum:**

No public comment was offered

**Old Business:**

No Old Business items were presented

**New Business:**

Item a.) A draft lease agreement between Cody Burroughs and the City of Harmony for Industrial Park (Parcel ID #'s 150621000, 150624000, 15057000) was unanimously approved by the EDA Board on a motion from Greg Schieber, 2<sup>nd</sup> Keith McIntosh. The lease is for Mr. Burroughs to maintain and use the land for grass hay for his cattle.

**Adjournment:**

Motion to Adjourned made by Keith McIntosh, 2<sup>nd</sup> Kelsey Bergey. Hearing no objections, the meeting was adjourned at 8:09 am.

The next EDA regular meeting is scheduled for Thursday, May 7th, 2026 at 7:30 AM at the Community Center.

Respectfully Submitted,

Chris Hahn – CEDA  
Interim EDA Director

## Chamber Update for EDA and City Council

March Update for 4/2 and 4/14 meetings

The Harmony Area Chamber of Commerce has had a busy and transitional March 2026. Here's a glimpse of what we've been up to:

- Coordinating and promoting the annual Easter Egg Hunt in partnership with ECFE, scheduled for Saturday April 4th.
- Organizing and getting the word out about our Volunteer Open House happening Monday March 30th.
- Our 4th of July community planning sessions continued this month. We sought input to plan some special activities as part of our 250th Birthday celebration. We've also finalized many scheduling details. This process will continue next month. We'd love to see more community members participate and share their ideas for this very special community event. Next 4th of July planning meeting is scheduled for: Wednes., April 29th @ 6:30pm
- We're also working to schedule dates for Ladies' Night Bingo in conjunction with the Harmony Golf Club.
- Terry completed waxing of the VC hallway so that we're ready to open Saturdays in April.
- The Harmony Guidebook was finalized and sent to print. Anticipated arrival: mid-April
- Our board spent a lot of time reviewing and interviewing applicants for the vacant Chamber Director role. We hired our new director, Erin Dorbin, at the conclusion of that process and she started with us on March 19th. We made it Facebook official on March 24th and shared this with our followers:

*We're excited to welcome Erin Dorbin as our new Chamber Director! Erin brings a love for small towns, community storytelling, and creative connection, with experience in rural arts and youth engagement projects right here in southeastern Minnesota.*

*She recently moved to Harmony with her daughter and is excited to learn what makes our community tick while getting to know our members. Fun fact: the JEM Theatre is her favorite small town theatre!*

*Be sure to say hi if you see her—she'll be in and out of the Visitor Center and visiting local businesses in the near future.*

The Harmony Area Chamber of Commerce would formally like to request our Spring allotment of \$15,000. This funding has typically been released during the March or April EDA meeting, upon our request.

Respectfully submitted by

Erin Dorbin, Membership & Outreach Coordinator and the HACC Board

On behalf of the Harmony Area Chamber of Commerce
